

Covid-19 Update December 17, 2020

****Lodge Capacity****

We are now able to occupy 15% of fire code capacity in our day lodge. We previously stated that no access would be permitted with exceptions to day tickets, rentals and the cafeteria to-go items. We will now also have a designated space indoors for warming up. No food is permitted to be consumed in the lodge at this time and we still require food items to be taken to-go and consumed outside or at your vehicle. Drinks ARE permitted in the warm up designated area and may be consumed while seated. The space is a seated area monitored by staff and warm up breaks are limited to 15 minutes per guest. ONLY members of the same household should be sitting together. Please be mindful of your warm up time as other guests may be waiting to warm up as well. We are still working on finding outdoor solutions for warming up to limit day lodge use.
